

# Health for Horizons

---

*Bringing healthcare and hope to the world's most remote communities.*

---

## Mission Statement

To provide critical medical supplies and healthcare training to remote communities in sub-Saharan Africa, with a primary focus on improving maternal and child health outcomes.

## Cause Categories

- Health
- Education
- Women and Children
- Medical Aid

## Geographic Focus

- Sub-Saharan Africa

## Key Initiatives Summary

Our life-saving work is delivered through three main programs:

1. **Healthy Mothers, Healthy Babies:** Provides prenatal care, safe birthing kits, and postnatal support.
2. **Village Health Workers Training Program:** Equips local individuals with the skills to provide basic healthcare, disease prevention education, and health monitoring in their own communities.
3. **Mobile Clinic Outreach:** Deploys mobile medical units to reach isolated villages that have no access to conventional healthcare facilities.

## Impact and Outcomes

- **Vaccinations:** Delivered 50,000 essential vaccination kits in the last year, protecting children from preventable diseases.
- **Training:** Trained over 1,000 local healthcare workers in basic pediatric and maternal care.

- **Mortality Reduction:** Contributed to a 15% reduction in maternal mortality in our key operational regions.

## Financial Transparency Summary

We believe that every dollar should count. Our financial model prioritizes direct impact:

- **90%** of all funds are used for direct program services, including medical supply procurement, logistics, and training programs.
- **10%** covers our lean administrative and fundraising costs to ensure our programs can continue to grow.

## Governance and Leadership

Our organization is directed by **Dr. David Chen**, a public health expert with extensive field experience working with the World Health Organization (WHO). Our board includes medical professionals and development experts who guide our strategic direction and ensure accountability.

## Vetting and Accreditation

Our commitment to effectiveness is recognized by top evaluators in the philanthropic sector:

- **GiveWell:** Top-rated for our proven, effective, and cost-efficient health interventions.
- **Charity Watch:** Grade A Rating.
